

Day-trip to Mount Wank

August 1, 2026

We will take a train to Garmisch-Partenkirchen, take the gondola half-way up and then embark on a scenic hike with a lunch break at the summit.

The trip will involve approximately 3 to 4 hours of hiking on light to moderately difficult trails. There is also an option to skip parts of the hike while still joining us for lunch at the top.

We expect to come back to Munich around 6-7 pm.

Please bring comfortable shoes with good grip (running shoes are fine), sunscreen, a cap, and a rain jacket, just in case.

Once you arrive at the workshop, we will provide all the necessary information regarding the meeting point, the train departure to Garmisch-Partenkirchen, and the group tickets for participants who do not have a Deutschlandticket.
